BMI-Calculator (output)

BMI Calculator

Height in (in):

Weight in (lbs):

BMI Weight Guide

Under Weight=Less than 18.6

Normal Range=18.6 and 24.9

Over weight= Gerater than 24.9

When test over weight:

BMI Calculator

Height in (in):

Weight in (lbs):

BMI Weight Guide

Under Weight=Less than 18.6

Normal Range=18.6 and 24.9

Over weight= Greater than 24.9

This page says

25.82448979591837

You are over weight.

When test under weight:

BMI Calculator

Weight in (kg)

Height in (cm)

BMI Weight Guide

Under Weight< 18.5

Normal Range= 18.5 and 24.9

Over weight= Greater than 24.9

This page says

14.346938775510203

U are under weight
